Applications can be completed online at **SchoolCafe.com** or paper applications are available in every school's main office.

*If you have received a Direct Certification Notice you do not need to fill out an application.*

### MEAL ACCOUNTS

All students need to scan or enter their student ID number each time they have a school breakfast or school lunch.

Meal accounts are assigned free to every student. Payments can be made to student meal accounts for a week, month or whole year! Any positive account balances roll over each school year.

Add money to a student's meal account using [Schoolcafe.com](https://www.schoolcafe.com) (transaction fee applies) or send in cash or check (payable to NPSNS) with your student and the school nutrition cashier will add the money to their meal account.

## MEAL CHARGING & NEGATIVE ACCOUNT BALANCES

Negative account balances impact our operating efficiency and forces us to potentially increase prices year to year. School Nutrition Services works diligently to recover negative balances. Therefore, negative balance notifications will be sent home weekly via email or letter. To avoid getting the weekly negative balance email, we suggest keeping meal accounts up-to-date. Parents/guardians are responsible for keeping student accounts up-to-date. Please refer to our SNS website for our School Meal Charge Procedure.

*Students will never be denied a breakfast or lunch. Second meals and a la carte are not permitted if a student has a negative account balance.*
